About Me

I am an aspiring mobile developer, web developer, and UI/UX designer. I am looking for a job in your company to contribute my expertise and learn new ideas to help me grow as a professional.

Experience

Regional Communications and Electronics - NCR | 2023

Mobile Developer (Intern 520 Hours)

- Developed graphics and layouts for mobile application, and logos.
- Prepared rough sketches and illustrations for the material, discussed them with clients, and made the required revisions.
- Based on an understanding of layout and esthetic design principles, I created designs, concepts, and sample layouts.
- Created 1 mobile application for phone directory system.

EyeKo (Thesis) | 2022 - 2023

UX Designer & Machine Learning

- Developed logos, layouts, and visuals for mobile applications.
- Created designs, concepts, and example layouts based on knowledge of layout and aesthetic design principles.
- Created a model for Philippine money bills for AI detection.

Freelance | 2017 - 2020

Virtual Assistant

- I efficiently edit photos and videos to satisfy client demands and time constraints using industry-standard applications like Adobe Photoshop and Wondershare Filmora.
- Developed exciting video montages and produced appealing visual narratives by adding transitions, text overlays, and audio enhancements.

Education

Bachelor of Science in Computer Science | 2019 - 2023

Taguig City University

- Dean's Lister
- Academic Excellence Awardee
- CICT Systems Fair 2023 - 3rd Place in Best System Presentation

General Academic Strand | 2017 - 2019

Moreh Academy

- With Honor
